

# GREAT Energy Summit Warsaw, 17-18 February 2016

Invitation

*The GREAT Energy Summit will bring together those responsible for energy investment programmes from across CEE with British companies who can provide them with the solutions they need.*

The Summit will take place over two days, with a plenary session involving keynote speakers, thematic roundtables, one-to-one meetings a business networking event and a site visit.

A detailed programme will be circulated closer to the event.

#### Who should attend?

Whether your business is in power generation, oil & gas or nuclear, the Summit is for you as there are major opportunities on offer in all of these areas in CEE.

#### The Energy opportunity in CEE

Driven by the new European Energy Security Strategy, major investments will be required to ensure security of supply, complete the internal energy market and meet energy efficiency and emissions targets. Altogether, it is projected that almost €740 billion will be spent between now and 2035 across CEE, including €100 billion in energy efficiency, €200 billion in nuclear power and €75 billion in oil & gas.

#### Sub-sector opportunities across the region

**Energy infrastructure:** Ageing generation assets in urgent need of upgrading; 81 Projects of Common Interest identified for the region, with a €5.35 billion budget for 2014-20.

**Nuclear:** New capacity planned in Poland, Hungary, Czech Republic, Bulgaria & Romania; further opportunities in life extension, waste management and decommissioning.

**Natural gas:** Pipeline, interconnector and grid upgrade projects worth €20 billion; €3 billion more in LNG and gas storage; gas exploration / extraction underway in four countries.

**Clean energy:** clean coal technologies, waste-to-energy and energy efficiency.

#### Participating countries

#### Event date:

17-18 February 2016

**Where:** Warsaw, Poland

#### For more information:
