Section 7: List All "De Minimis" State Aid Received Over Last 3 Years:

The European Commission recognises any type of support given from any public funds to a possible exporter as a State Aid and therefore subject to State Aid restrictions. However, we are allowed to exempt this exhibitor grant under the De Minimis exemption regulation, which allows a business to receive up to a cumulative €200,000 over any rolling three year period.

This section of the form is necessary because any grant giver (in this case DIT), which employs the De Minimis exemption regulation, is required to ensure that the €200,000 limit will not be breached when they agree an application for grant.

Therefore you will need to record here any public aid you have received over the past three years that may need to be included in your De Minimis threshold. You need not list any aid that has already been specifically exempted in any way other than by the De Minimis regulation or any aid that has been previously "notified" to the Commission.
